

Web Collaboration

Collaborate without the wasted time and expense of travel.

Have you ever spent hours on the phone trying to communicate something that would have taken minutes if you could have been there in person? Does your company coordinate work efforts across multiple locations? How many customers are located more than a few minutes away? How many more customers could you attract if you could instantly “be in the same room” with them? A web collaboration solution from Alternate Access offers you the next best thing to being there. And it’s a lot more affordable and effective than investing in a traditional video-conferencing facility. Here’s why—
